High in the Santa Cruz Mountains, Mount Eden Vineyards—one of California's original boutique wineries—has spent decades crafting wines defined by clarity, restraint, and a profound sense of place. Guided by a singular devotion to vineyard expression, these historic wines speak quietly yet unmistakably. For this special evening, Chef Zach Stewart presents a five-course menu designed to complement and elevate each wine, allowing their character and elegance to unfold course by course. A singular dining experience, thoughtfully composed and offered for one night only.
